★ It is expected that children of the same age will develop at different rates and have varying abilities. Therefore, the age recommendation in this brochure is given as a guideline only in order to help specifiers when considering a play space facility. We offer many products with inclusive features to allow users of different abilities to play together and challenge themselves however, we recommend supervision for younger children and those with physical and mental impairments.

HAGS®

Welcome to **HAGS PLAY**

Playform 7

Page 4

Everyone is welcome on this work of art! This play sculpture is both an inspiration and a destination for gathering.

PlayCubes

Page 6

Geometry is a universal language. So is play. PlayCubes encourage kids to invent new ways to play and interact as they climb on, around, and through the cubes.

Unity

Page 10

A place to reconnect with the physical world - to take on challenges - to develop strength, coordination and confidence through action.

Dynamic Play

Page 12

The collection continues with twists on the classics of dynamic play - reimagined to promote even more interaction and cooperation.

Neos

Page 18

The Neos Arc comes with eight great 45-60 second games you can play alone or in teams, to keep kids jumping and darting — building strength and stamina as they engage in an unexpected workout.

Concerto

Page 19

The Concerto line of outdoor musical equipment allows children of all abilities to experience the joy and benefits of making music.

4 HAGS **Playform 7**

Playform 7

Ages 5+

PlayForm 7 incorporates the ultimate play experience with the appeal of art. This truly unique play sculpture provides multiple play experiences and it invites you to discover, explore, share, challenge, trust, and learn.

Neos

Electronic

With eight great 45-60 second games you can play alone or in teams, the NEOS Arc keeps kids jumping and darting between the pillars— building strength and stamina as they engage in an unexpected workout. It also promotes peripheral, auditory and spatial awareness with eight LED lights and cool sound effects. Best of all, it's energy-efficient—using less power when in use than a 100-watt light bulb!

Colours are subject to change without notice. Colour swatches are for reference only. For accurate colour samples and the most up-to-date specifications, consult your local representative. We use high quality materials and state of the art manufacturing processes. Commercial playgrounds and products are subjected to years of environmental and solar exposure. Such extreme exposure takes its toll on paints and pigments, and all colours will fade over time. So, we do not warrant against colour fading or discoloration. It is important to properly maintain your playground to ensure its longevity. Depending on environmental conditions at your location, the installation of fabric shade structures may help to delay fading and discoloration.
